## ABOUT AARP DRIVER SAFETY

First launched in 1979 as the "55 Alive" program.

AARP Driver Safety's mission is to help keep older drivers independent, safe, healthy and confident while on the road.

The flagship AARP Smart Driver course is the nation's first and largest classroom course designed especially for drivers 50-plus.

AARP Driver Safety is one of the best examples of AARP at the local level – host organizations find that hosting and helping to promote the course is a great way to give back to the community.

# WHAT DOES IT MEAN TO HOST?

## Classroom Space

- Provide a free and easily accessible room for 15-35 participants.

## Equipment

- The Smart Driver course includes an audio-visual component. A TV/monitor with speakers and DVD player OR a large-screen TV with speakers and USB and HDMI inputs are required.

## Promotion

- Help promote the course by displaying promotional materials on websites, social media, newsletters, or in other visible areas.

## Other Optional Contributions

- Hosts can pre-register participants, create a roster, and collect course fees.
- Provide light refreshments, such as coffee and cookies.

*\* Upon completion, course participants may be eligible to receive an auto insurance discount. Other restrictions may apply. Course participants should consult their agent for details.*

*\*\* AARP Research: 2023 AARP Driver Safety Smart Driver™ Course Evaluation. February 2023.*
