

Bicycling is a low impact, healthy and enjoyable way for children to spend time outdoors away from gadgets and having fun riding with friends or family. As the weather stays warm and school lets out for summer, kids will want to ride their bikes, so it is important that they learn safety!

On Friday, May 21 at 3:30 pm, the Burlington County Sheriff's Department will provide a brief bike safety presentation to elementary school aged children in the Magowan School front parking lot.

Kids are welcome to come by car to the event or ride their bikes. All kids should bring/wear their helmet!

Safety is priority!

Hope to see you there.

Mayor DiFilippo
