Last week President Biden signed the American Rescue Plan, marking a major step in providing much needed Covid relief for Americans. Our office has compiled a comprehensive resource guide to help New Jerseyans understand what is in the American Rescue Plan and how to access the programs available to them. We have included information about funding to municipal and county governments, small business relief, vaccine access, and more.

The guide can be found [on our website](#). Please feel free to share to share the guide with others, and as always, don't hesitate to reach out if our office can be of assistance. Our Camden office is closest for South Jersey residents:
