Thursday January 27, 2022 2pm-7pm
Weimann Building

400 Delanco Road Edgewater Park, NJ 08010

Continue down Beverly-Rancocas Road and site will be at the next 4-way intersection on the right side. Pass the Township building and make the first right behind it, down the road that leads up to the park and you will see the Weimann Building... behind Ridgway School grounds.

*For an appointment, please

Power Red donors on January 26th and 27th will get a Red Cross T-shirt while supplies last

What is Power Red donation?

During a Power Red donation, a donor gives a concentrated dose of red cells, the part of the blood used every day for those needing transfusions as part of their care. This type of donation uses an automated process that separates red blood cells from the other blood components, then safely and comfortably returns plasma and platelets to the donor.

Who is eligible?

- Donors who gave blood 56 days ago or Power Red 112 days ago.
- Donors with type O negative, O positive, A negative or B negative blood are strongly encouraged to consider giving a Power Red donation.
- We recommend that females wait until age 19 or older to give a Power Red donation.
